

RECONNECT WITH WALLSEND

A STEP BY STEP GUIDE HOW TO EMBRACE WHAT IS ON YOUR DOOR STEP

GO EXPLORE

Explore Wallsend. Maybe go to the places where you used to hang out or visit somewhere you have never been before.

SHAKE IT UP

When you are having a walk, go a different way. Try to go against your instincts to do the same old routine. Maybe have a plan in your head for example, take 3 right turns & 4 left turns... you might just see Wallsend from a different angle..... literally!!!

SHOP LOCAL

Wallsend is FULL of independent businesses. When you look past the big brands you see how much it has to offer. Why not try to have a day where you ONLY shop in Wallsend & ONLY from independent businesses? You might find some lovely treats.

RECONNECT

Is there someone who lives near you but you haven't seen for ages? Instead of zoom, FaceTime or your usual chats through social media, why not invite them for a socially distanced walk? It's good to see friendly faces to reconnect & get out in the fresh air.

EVERYBODY SAY LOVE

We can't go many places at the moment so why not go somewhere you really love in Wallsend to give you that feel good factor & think about all the memories you have of when you were growing up...
